

How do I reset my password?

If you already have an account with Wise2Sync, here are a few steps to reset it:

1. Navigate to <https://app.wise2sync.com/login>
2. Click the "Forgot password?" link
3. Enter your email address
4. Press the Reset Password button

If an account with the provided email exists, we will send a link to your email address how to set a new password.

In case you do not get a password reset email, check your Spam folder as well.
