

Re-index suppliers

Re-index feature is meant to increase the performance of Product Preview:

- Faster loading.
- Faster searching.
- Faster filtering.

This feature indexes the main attributes used in Product Preview:

Product Preview attributes - **Name, EAN, SKU, Price, QTY.**

After re-mapping these attributes you will get a notification to re-index your suppliers.

Data Mapping » Attributes » Supplier Attributes

! You have re-mapped your attributes, please reindex supplier product info. ✕

Action PL Elko Komputronik PI **Lic Gotus - Weber !** Sportsman

ID	Alias	Actions
		
code	sku (label: SKU, type: text)	
dmp_manufacturer	manufacturer (label: Manufacturer, type: text)	
ean	ean (label: EAN, type: text)	
group_id		
name	name (label: Product Name, type: text)	
price	price (label: Price, type: number)	
stock	qty (label: QTY, type: number)	

Total page count: 1 Items per page: 300 Total items count: 7

You can hover over the icon near the supplier name to get additional info

Data Mapping » Attributes » Supplier Attributes

! You have re-mapped your attributes, please reindex supplier product info. ✕

Action PL Elko Komputronik PI **Lic Gotus - Weber** Sportsman

Supplier attributes were re-mapped. For the best performance, reindex suppliers must be initiated.

ID	Attributes	Actions
code	sku (label: SKU, type: text)	
dmp_manufacturer	manufacturer (label: Manufacturer, type: text)	
ean	ean (label: EAN, type: text)	
group_id		
name	name (label: Product Name, type: text)	
price	price (label: Price, type: number)	
stock	qty (label: QTY, type: number)	

Total page count: 1 Items per page: 300 Total items count: 7

Then press "Reindex supplier" button on the top right corner

! You have re-mapped your attributes, please reindex supplier product info.

Action PL Elko Komputronik PI **Lic Gotus - Weber** Sportsman

ID	Alias	Actions
code	SKU (label: SKU, type: text)	
dmp_manufacturer	manufacturer (label: Manufacturer, type: text)	
ean	ean (label: EAN, type: text)	
group_id		
name	name (label: Product Name, type: text)	
price	price (label: Price, type: number)	
stock	qty (label: QTY, type: number)	

Total page count: 1 Items per page: 300 Total items count: 7

After pressing it you will be asked “Do you want to reindex suppliers?”. Press “Yes” if you are done with attribute mapping and suppliers will be added to queue for re-index.

i Reindex of suppliers is in progress. ✕
